

Hello AdventHealth University (AHU) Students!

NEW SERVICE OPPORTUNITY – MEDICAL CADETS CORPS

As you make your way back to campus and look for new routines and opportunities to get involved, we encourage you to take a look into the Medical Cadet Corps (MCC), a ministry sponsored by the Florida Conference of Seventh-day Adventists.

We believe people are born with a longing to do something positive, to make a difference. To be a force for good. We are designed on purpose by our Creator to desire to do something to make this world a better place. And in the process, we become more like our Maker.

MCC is a unique opportunity to combine service, medical training, and outreach. Cadets who join will be able to use their skills/training they already have or learn a whole new set of skills to position them for maximum impact in their campus, church, community, state, and world. MCC is all about serving.

Natural disasters seem to be a part of everyday life and seem to be more and more common. What if you could be a part of a team of young adults/adults that are prepared to show up, serve, and give hope to those in crisis/need? Because there will always be calamities, there will always be opportunities.

By default, when we respond to people in need, in crisis, they are often at their worst. It is at this moment that we get to be at our best. Serving. Coming alongside those hurting and help them find relief and hope by meeting their immediate physical needs and by providing spiritual comfort.

MCC will be launching an MCC team on the campus of AHU. And we want you to be a part of it!

If you would like to know more you are invited to a Zoom informational meeting. No commitment. Just a meeting for the curious, to see if hearing more details and answering your questions could help you decide to be a part of a dedicated team to work together to serve others and make a difference.

There will be two opportunities to join us on ZOOM. Each session will be 30 minutes. We will spend the first 15 minutes in general information, then Q & A. We will answer questions like:

- What is MCC?
- Why should I consider MCC?
- Would I be a good fit for MCC? -Would MCC be a good fit for me?
- What kind of commitment would I need to make?
- How much time will this require? -Will this help me meet community service requirements?
- How often does MCC meet? Go on deployments?
- What if I am a new student, graduate student, does it matter?
