

HomeAid Northern California and Builder Captain Signature Homes, are excited to partner on the new Learning & Career Center at Shepherd's Gate Brentwood!

Shepherd's Gate is a Christian non-profit with a mission to free women and children from the destructive cycles of homelessness, addiction and domestic violence. Shepherd's Gate is one of the largest long-term (12 months – 18 months) programs in the Bay Area that allows women and children of all ages stay together as they heal and grow. The women at Shepherd's Gate have struggled with education and employment most of their lives. In today's economy, the graduates must be fully employed in good jobs in order to live here in the community.

They assist the women in all aspects of her life to help rebuild and transform their lives including job-skills training, education, financial education, debt repair, legal issues, nutrition, healthcare, parenting, and numerous recovery and relapse prevention classes. The expansion of the Brentwood campus would give Shepherd's Gate some critical components that they currently have at the Livermore campus:

- Learning center where the women will have the opportunity to earn their GED, attend math, reading and writing workshops, money management classes, computer courses and online college courses.
- In the career phase, they will discover which profession is right for them. Career coaches will host a variety of career classes for resume writing, how to use job search tools and interview skills.
- Two offices for case managers who are currently occupy a bedroom that could house more women and children.
- A multi-purpose room for older children to work on their homework and have activities after school. There would be two or three computers in this room for the children to compete their homework at which is required in the school districts. Also, this room would have a general sitting area that would be used for private family reunification meetings and play therapy for children and their professional therapist.

Thank you to the Trade Partners and Consultants who have stepped up to help make this project a reality!
SDG Architects, Element Structural, Wood Rodgers, Monshein Cabinets, Janco, Marble Palace, Capital City Drywall, DuctTesters, Keystone, Point 1, Thorpe, Residential Design Services, McKee, Pacific Coast Landscaping, Blue Mountain, Goldstar, Hutton Lovewell, Value Plumbing, SunRay, Cen-Cal, AWS, Infinity Glass!
