

In the month of October 2018, Richmond American Homes and their trade partners, remodeled a SafeQuest Fairfield shelter for families experiencing domestic violence, transforming this house into a welcoming home for the families. Safequest Solano provides the housing, services and counseling for the families. SafeQuest Solano, is a dual Domestic Violence & Sexual Assault Agency that serves all of Solano County. They provide advocacy services, safety, and support to all those who are affected by domestic violence and sexual assault. This home has added 12 beds for families who need shelter.

The goal of this work was to create a dignified and welcoming home for the families experiencing trauma so they can have a place to catch their breath and get back on their feet. The remodel included improvements to the interior including flooring, painting and new appliances and work to the exterior including painting and roofing and dry rot repairs at a value of over \$75,000!

Thank you to our Trade Partners who supported this HomeAid Shelter Project!
