

Colby-Sawyer College
Environmental Science Lecture Series

Climate Change and Winter Weather in New England

**Presented by
Alix Contosta**

Associate Research Professor, UNH

Assistant Professor David Lutz has organized this lecture as part of a series to help Environmental Science students at CSC explore a variety of career trajectories in the field. He has graciously opened participation to the ALL community free of charge.

Friday, November 14

11:00 A.M.

Clements Hall, Ivey Science Center

Pre-Registration Not Required
