

Colby-Sawyer College
Campus Compact EnviroCorps Presentation

Monoculture vs. Permaculture Gardening

Presented by

Beth Williams

AmeriCorps Member, Campus Compact EnviroCorps

Curious about a different way to farm/garden? This introduction to permaculture explores what it is, where it comes from, and why it's gaining attention for its environmental benefits. We'll compare permaculture with traditional monoculture, share successful real world examples—including the Colby-Sawyer College garden—and offer ideas you can easily adapt for your own garden at home.

Tuesday, March 31

3:00 P.M.

AIL Classroom, Lethbridge Lodge

Free to attend. Pre-registration required.
