SINGLE GP39	No Sound	\$249.95 USD	No Sound	\$319.95 CAD	GP39+ SLUG	No Sound	\$469.95 USD	No Sound	\$609.95 CAD
	w/Sound	\$359.95 USD	w/Sound	\$469.95 CAD		w/Sound	\$689.95 USD	w/Sound	\$899.95 CAD

Rapido Trains is proud to present the EMD GP39 locomotive in HO scale! Following the highly successful GP38 and GP40 models, the GP39 brings the same high-end, road-specific details with a powerful motor and those razor-sharp graphics you're accustomed to from us.

The EMD GP39 locomotive was unique in that it featured a 12-cylinder, turbocharged 645E3 prime mover – 4 cylinders fewer than the straight GP38. The largest purchaser of the GP39 was the Chesapeake & Ohio, ordering 20 locomotives. Upon the Chessie and Seaboard merger, the GP39s continued in local and yard service for CSX Transportation. While some locomotives and slugs would wear a variety of patchout or early CSX Y schemes, most of the fleet was repainted into the YN2 scheme and eventually the current YN3 scheme.

The EMD GP39 Locomotive and SWMT Slug features:

- **The GP39 Locomotive – A first in plastic!**
- Road-specific details for each model
- Rapido's innovative dead straight metal side handrails with plastic stanchions
- Incredible underframe detail including traction motor cables, air filters and a whopping amount of separately applied parts
- Road-specific battery box doors
- Separate metal grab irons and handrails installed at the factory
- Operating headlights, rear lights, white class lights and ditch lights and beacons (where appropriate)
- Highly detailed cab interior
- Correct fuel tank sizes per road number
- See-through, etched steps
- **Powered SWMT Slug – A first in plastic!**
- Separately applied wire grabs
- **Cannon and Company licensed fans**
- Multiple dynamic-brake hatches and air filters
- DC/Silent (21-pin DCC Ready) or DC/DCC/ESU LokSound
- MoPower capacitor system for uninterrupted DCC power
- GP39 and SWMT Slug suggested minimum radius: 18"
