JUNE 15TH, 2026**

After 45 years of reliable service, the Bombardier LRC (Light, Rapid, Comfortable) passenger cars are soon to be retired. To celebrate the incredible achievement of this passenger car fleet, Rapido Trains Inc. is delighted to introduce a special commemorative production run of LRC locomotives and passenger cars in HO scale.

The LRC locomotive was an extremely powerful locomotive in a small package. Despite only being 12 feet tall and 63 feet long, it packed a 3750 HP Alco 251F prime move plus two 250 KW Stamford alternators to provide Head End Power. It was built for 125 MPH operation, though it was restricted to 100 MPH in service. Nevertheless, the LRC pulled the Metropolis express between Montreal, Dorval and Toronto throughout the 1990s. At 3 hours 59 minutes for the 335-mile run, this remains the fastest scheduled passenger service in Canadian railway history. Just think about this: after Canada spends tens of billions of dollars on high speed rail, the travel time of the Metropolis won't be improved by all that much. It makes you realize how amazing the LRC truly was.

Bombardier produced ten LRC-1 cars which went to Amtrak in 1980, followed by 50 LRC-2 cars delivered to VIA in 1981 and 1982. 50 more LRC-3 cars were delivered to VIA in 1984 and 1985. The LRC-1 cars were returned to VIA in the 1980s, refurbished and repainted in VIA colours for use almost exclusively on the International between Toronto and Chicago. The remaining VIA cars have been used on all trains in the Windsor-Quebec City Corridor. VIA's LRC cars were hauled regularly by all of VIA's HEP-equipped locomotives: LRC, F40PH-2D, and P42DC. Amtrak's LRCs were pulled by LRC, F40PH and AEM-7 locomotives. They were even seen behind HEP-equipped E-units!

RAPIDO

FAREWELL TO THE LRC LOCOMOTIVE AND CARS

LRC

Welcome to the LRC train

The LRC train is a modern concept in relaxing accommodation for intercity travel. It is our sincere hope that its special comfort and convenience features will make your trip most enjoyable. The guide sketch below should be of assistance to you in taking full advantage of the facilities provided at your seat. There are two wash-rooms at one end of the car on either side of the aisleway. Smoking, non-smoking sections will be indicated by means of pictogram signs. Members of the train crew will direct you to the section of your choice. For your convenience food and beverage service will be provided at your seat by an Attendant. There is a foldaway table which retracts into the centre arm rest. Just raise the arm rest to see this table. For your convenience, seat belts are located in the seat pocket. May we remind you that service of alcoholic beverages will be in accordance with Provincial regulations. These prohibit the consumption of personal liquor on trains. Our employees are required by law to enforce these regulations as well as those prohibiting smoking in "No Smoking" sections of the car. Back, relax and thank for travelling VIA.

Bienvenue à bord du train LRC

Le train LRC représente un nouveau concept de voyage interurbain par chemin de fer. Nous sommes certains que vous apprécierez le confort exceptionnel et les nombreuses commodités de ce train. Le croquis ci-dessous vous aidera à profiter pleinement du confort de votre fauteuil. À l'extrémité de la voiture, de chaque côté du couloir central, vous trouverez deux toilettes. Les sections fumeurs et non-fumeurs sont indiquées par des pictogrammes. Les employés se feront un plaisir de vous guider vers la section de votre choix. Un préposé vous servira repas et rafraîchissements à votre place. Pour votre confort, une table escamotable est

logée dans l'accoudoir central; vous n'avez qu'à soulever ce dernier pour l'apercevoir. En outre, des sacs à déchets sont à votre disposition dans la pochette de chaque fauteuil. Permettez-nous de vous rappeler que le service des boissons alcoolisées est soumis aux lois provinciales qui interdisent aux voyageurs de consommer leurs propres boissons alcoolisées dans les trains. Nos employés sont tenus de faire respecter ces règlements ainsi que l'interdiction de fumer dans les sections réservées aux non-fumeurs. Et maintenant, il ne vous reste plus qu'à vous détendre, nous nous chargeons du reste. Merci de voyager avec VIA.

FAREWELL TO THE LRC LOCOMOTIVE AND CARS

The LRC is such an important piece of Canadian railway history that we are pulling out all the stops with special gift boxes. For both VIA and Amtrak fans, our sets will be the ultimate celebration of these amazing trains. Each set will contain:

- One LRC locomotive (DC/DCC/Sound)
- Three LRC cars (VIA – 1x VIA 1, 2x Coach. Amtrak – 3x Coach)
- A 48-page, full colour, profusely illustrated and oversized book celebrating the history of the LRC written by renowned Canadian railway historian and author, Kevin J. Holland.
- Two LRC commemorative glasses
- A specially-designed LRC tie clip and cuff links set, only to be worn for the most special of occasions!

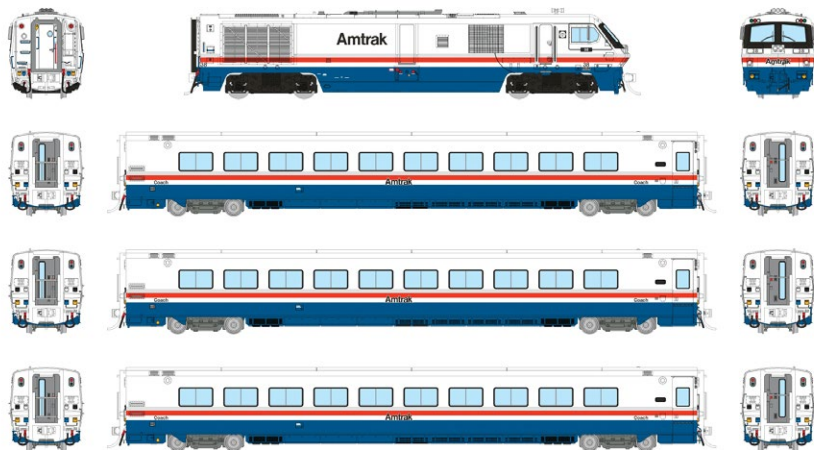

You will not want to miss out on this incredible LRC gift box. This is a special, once-in-a-lifetime offering. Trust us, we ain't ever making this box again!
