The Greenbrier 72' IL 7780 Reefer is a large box reefer car that has an impressive capacity of 7780 cu.ft., with a 72' 3" interior length. This makes it a whopping 82' over the drawbars. The storage capacity is massive and shippers take full advantage of this feature, shipping items such as: light or bulky frozen and perishable items. This is also the ONLY larger 82' 6" reefer Union Pacific/ARMN owns in their fleet.

Since their introduction, the cars have commonly taken loads of potatoes and french fries and perishables from the Pacific Northwest and California to points east. For a time, Union Pacific and CSX ran a joint train nicknamed "The Salad Shooter" for those purposes.

The Rapido N Scale Greenbrier 72' IL 7780 Reefer Features:

- Cryo-Trans body style
- UP-specific body style for UP
- Two UP paint and lettering styles
- Two Cryo-Trans paint and lettering styles
- Separately applied cut levers and end platform
- Etched metal grate on end platforms
- Underbody brake rigging
- Separately applied door latch mechanism
- Accurate paint and lettering
- Available in single car name selections for Cryo-Trans and Lineage
- Available in singles or multi-packs
