ORDER DEADLINE:
NOVEMBER 17TH, 2025

The F40PHM-2 have been a staple hauling commuters in the Windy City for the past 30 years. Nicknamed “Winnebagos” for their similar appearance to the RV, these were the last 30 F40PH variants that Metra ordered new, in 1991. Towards the end of 2016, the F40PHM-2s were sent out to Progress Rail for rebuilding and application of the new faded scheme introduced in the early 2000s. These would be reclassified as “F40PHM-3”. One F40PHM-3 received a special CB&Q-inspired heritage scheme in 2019, which we are proud to have on the first run!

The Awesome Rapido N Scale F40PHM-2 Locomotive Features:

- Correct “Winnebago” style front
- Dual rooftop air conditioners
- Working head lights, marker lights and backup light
- Working Gyalite and beacon (where appropriate)
- Working ditch lights
- Separate, factory-applied wire grab irons
- PTC Antenna Array where appropriate
- Rapido knuckle couplers
- Incredible underbody details including separate piping
- Correct pilot plow or snow plow per model
- Accurate F40PHM-2 sounds on sound-equipped models
- Will operate smoothly on DC and DCC layouts
