			\$112.95 CAD	\$338.95 CAD
			\$149.95 CAD	\$449.85 CAD

The Gunderson 53' Husky Stack is an all-purpose single-unit well car designed to carry up to two 53' (or smaller length) containers. Over 3,500 cars have been built for TTX Company (DTTX), Canadian Pacific (CP), Ferromex (FXE) and the Arkansas & Oklahoma (AOK). Chances are high that you'll see a few mixed into those high priority intermodal trains whizzing by. These cars can be seen all over the USA, Canada and Mexico, hauling containerized goods from port to warehouse.

But wait, there's more! Select Gunderson 53' Husky Stack Cars come with two 53' containers. These are the 53' smoothside and new corrugated containers! We're also excited to offer our first 53' corrugated container in a variety of popular shipping schemes.

THE RAPIDO HO SCALE GUNDERSON 53' HUSKY STACK WELL CARS FEATURE:

- Matching 53' containers!
- See-through etched metal walkways
- Fully die-cast body for exceptional weight balance
- Detailed end handrails and brake detailing
- Semi-scale metal knuckle couplers
- 70-ton Barber S-2 trucks with profiled metal wheels
- Minimum suggested radius: 22"

NEED MORE 53' CONTAINERS? LOOK FOR OUR SEPARATE 2-PACKS!
