SPEAKER & PANEL BIOGRAPHIES

Keynote Speaker:

Diane Rinaldo

Assistant Secretary for Communications and Information (Acting)
Administrator of the National Telecommunications and Information Administration
U.S. Department of Commerce

Diane Rinaldo was sworn in as Deputy Assistant Secretary for Communications and Information at the Department of Commerce on April 20, 2018. On May 9, 2019, she became Acting Assistant Secretary for Communications and Information for the Department, and Administrator of the National Telecommunications and Information Administration, the Executive Branch agency principally responsible for advising the President on telecommunications and information policy.

Focusing on cybersecurity and technology policy, Diane has extensive experience in government and the private sector throughout her career. She staffed the House Permanent Select Committee on Intelligence, where she was the lead committee staffer on Congress' landmark cybersecurity legislation, the Cybersecurity Act of 2015. She also served as the oversight and budget monitor for the National Security Agency and the defense network systems, and served as Deputy Chief of Staff to Congressman Michael Rogers as his top technology policy staffer.

Recognized for her work on cybersecurity, Rinaldo was awarded the Executive Women's Forum's 2016 Influencer of the Year award. She earned a bachelor's degree in Political Science from the University of Maine and an Executive Certificate from the Kennedy School of Government at Harvard University for cyber studies.

Panel Moderator:

Tara C. Clancy

Partner
K&L Gates

Ms. Clancy concentrates her practice in complex technology litigation including patent, trade secret, and technology transaction litigation and counsels clients on issues concerning cybersecurity, privacy, and data protection. She has served as the lead counsel for numerous technology companies, including those in the fields of networking hardware and software, security and control systems, chemical compositions, nutritional supplements, heat transfer equipment, medical devices, ion implantation systems, and packaging. She has significant experience in all stages of litigation and has led cases to verdict in jury trials as well as bench trials. She is a partner in the intellectual property litigation

practice where she shares global responsibility for the firm's IP litigation resources and strategy.

Prior to her legal career, Ms. Clancy worked for the Procter & Gamble Manufacturing Company first as an engineer designing capital projects in the papermaking division and then as a business manager responsible for managing the people, pay, production, and profits in the industrial chemicals division. She has design and on the ground experience in mechanical and chemical manufacturing processes and information management systems.

As an experienced counsel to technology companies with the background of working in a multinational corporation, Ms. Clancy knows how to leverage litigation, privacy, and security issues to meet business goals.

Certified Information Privacy Professional/United States (CIPP/US), International Association of Privacy Professionals

Certified Cybersecurity: Managing Risk in the Information Age, Harvard University (VPAL)

Education

- J.D., Suffolk University Law School, (*cum laude*; Technical Editor, *Suffolk University Law Review*)
- B.S., Lafayette College, (Mechanical Engineering)

Admissions

- Bar of Massachusetts
- United States Court of Appeals for the Federal Circuit
- United States District Court for the District of Massachusetts
- United States District Court for the Western District of Pennsylvania
- United States Patent and Trademark Office

Panelists:

Michael Barcomb **Director, X-Force Incident Command** **IBM**

Mr. Michael Barcomb serves as the Global Incident Command Leader for the IBM Security business unit. In this role, he is responsible for coordinating incident response for pandemic level cybersecurity attacks affecting multiple IBM Security customers across geographies and/or industries. His career in information security began in 1987 while serving in the United States Army as a Military Intelligence Officer and culminated with 30 years of service with the United States Army Reserves in May 2017. Michael has also been employed with IBM since 1991 working in various software development and operational roles. Michael holds a B.S. degree in Computer Information Systems, an MBA, a Masters of Strategic Studies and Masters certificate in Cybersecurity.

Joel Jacobs
Vice President & Chief Information Officer
The MITRE Corporation

Joel Jacobs is Vice President and Chief Information Officer (CIO) of The MITRE Corporation.

He leads the Enterprise Computing, Information, and Security (ECIS) organization, providing comprehensive information technology (IT), knowledge management, enterprise technical computing, cybersecurity, and global security services to enable MITRE staff to effectively serve the company's sponsors.

Under Jacobs' leadership, MITRE has been recognized for its innovative IT practices and for its outstanding work environment for technology professionals. CIO Magazine named MITRE to its CIO 100 list in 2014 and 2018. Computerworld has repeatedly listed MITRE among the country's 100 Best Places to Work in IT (2005–2012, 2016, 2018). The company was a North American Most Admired Knowledge Enterprises (MAKE) award winner four times (2009, 2011, 2015, 2016). InformationWeek named MITRE among the most innovative users of business technology five times (2011–2013, 2016–2017). In 2017, MITRE received the Help Desk Institute's Team Excellence Award for customer service and was named to the Security 500.

In 2018, IDG CIO elected Jacobs to the CIO Hall of Fame, which spotlights IT leaders who have profoundly influenced the IT discipline, the use of technology in business, and the advancement of the CIO role. He also received the Boston CIO Leadership Association's 2018 ORBIE Award as Non-Profit/Public Sector CIO of the Year.

Jacobs was honored as a Computerworld Premier 100 IT Leader in 2011 and as a Boston Business Journal/Mass High Tech CIO of the Year in 2012. In 2015, STEMconnector® named Mr. Jacobs among its 100 CIO/CTO Leaders in STEM in recognition of MITRE's dedication to supporting STEM initiatives. He was also a 2015 Federal Computer Week Federal 100 Award winner.

Jacobs has more than three decades of experience working both at MITRE and in industry on complex IT topics. After joining MITRE in 1981, he held positions with steadily increasing levels of responsibility, managing internal information systems development efforts and directing a variety of network, security, and software engineering and research projects. He served as director of the MITRE Software Center, as department head of Advanced Information Systems Technology, and as a principal investigator in information systems research. From 2003 to 2009, Jacobs was deputy CIO.

In 1996, Jacobs left MITRE to serve as vice president at Concept Five Technologies, a software and professional services company. In 1998, he joined Onsett International Corporation, an IT management consulting firm, as practice director of Technology and Security, and later served as the company's president and CEO. He rejoined MITRE in 2003.

Jacobs holds a bachelor's degree in psychology and natural science from the University of Pennsylvania. In 2004, he completed the Program for Management Development at Harvard Business School.

**Carolyn A. Kirk
Executive Director
Massachusetts Technology Collaborative**

Carolyn A. Kirk was selected by the Executive Committee of the Massachusetts Technology Collaborative as the agency's executive director on February 6, 2019, and officially starts her role on February 11, 2019. Kirk previously served as Interim Executive Director by appointment of the Executive Committee on June 18, 2018.

From January 2015 to early February 2019, she served as the Deputy Secretary of the Executive Office of Housing and Economic Development (EOHED), a role she held since the beginning of the Baker-Polito Administration. As Deputy Secretary, Kirk supported the management of HED's \$1.4 billion dollar budget and approximately 1,000 employees. In addition, Kirk's portfolio includes serving alongside Lt. Governor Karyn Polito on the Seaport Economic Council. She is extremely familiar with MassTech's work, having chaired the agency's Board on behalf of EOHED, and has been a leader on the effort to bring broadband to 44 unserved towns, working closely with the Massachusetts Broadband Institute at MassTech.

Prior to her appointment to the Administration, in 2007 Deputy Secretary Kirk became the first woman popularly elected as Mayor of the City of Gloucester, going on to serve three subsequent terms. Her professional career spans more than 25 years and includes time as a management consultant, working with clients that included many of the Top 20 banks in the U.S. along with Fortune 500 companies.

She was raised in Clinton, N.Y., and moved to Massachusetts to attend college, graduating from Boston College in 1984.

**Christopher Leigh
Chief Information Officer
Eversource Energy**

Christopher Leigh is currently the Director and Chief of Information Officer at Eversource Energy. Christopher has over 20 years of domestic and global experience in leading cyber-security teams. In the current role, he is responsible for all aspects of information security including Threat and Risk Management, Policy and Compliance with Sarbanes Oxley, NERC Critical Information Protection regulations and Incident Response. Christopher has held similar roles at Consolidated Edison, United Technologies Corporation.

Christopher's education includes a Bachelor of Science in Business Administration, specializing in Accounting and Management, minoring in Psychology from Saint Joseph's College. He also has a Master's degree in Business Economics from Southern Connecticut State University and a Master's

degree in Information Assurance from Norwich University. Christopher is a Certified Privacy Professional and a Certified Risk and Information Systems Control professional.

Christopher is an adjunct professor at Central Connecticut State University and on the Board of Directors for Community Solutions, Incorporated. He was also a member of the United States Navy Reserves for 14 years.

Mike Yamamoto
Chief Information Security Officer
Beth Israel Deaconess Medical Center

Mike Yamamoto is currently the CISO at Beth Israel Deaconess Medical Center, responsible for implementing the organizational Information Security Program. He holds a Bachelor's degree in Information Technology from the Rochester Institute of Technology and has over 22 years of industry experience. Mike has led digital forensic investigations, multi-platform development efforts, penetration testing and compliance initiatives.
