

COMMUNITY HOLIDAY HOUSE

The holiday season will be here soon! In Forsyth County, we have a tradition of working together to take care of those in our community. Two years ago a partnership between the local businesses, non-profit agencies, faith community, and school system resulted in the Holiday House program. This year we will continue Holiday House format where parents can shop for gifts for their children. We hope to provide assistance to families again this year with generous support of our faith, business, and school communities.

Who: Parents may sign up children who are 18 or younger (high school aged children must be enrolled in school). Families will need to provide documentation that they receive or are at the income level to qualify for Medicaid or Food Stamps. A current Medicaid/Food Stamps letter or pay stubs may be used for documentation. Children must live in Forsyth County to receive assistance. A donation of \$5 per family is appreciated to assist with community needs.

When: Families will need to bring their income documentation when they sign up.

- October 10th to November 9th from 10 a.m. to 4 p.m. Tuesdays and Thursdays (Except October 31st Halloween) at The Place of Forsyth County.
- Saturday, November 18th from 10 a.m. to 2 p.m. at The Place of Forsyth County.

Sign up location: 2550 The Place Circle, Cumming, GA 30040

Where: Parents may shop at Holiday House at Freedom Tabernacle at an assigned date and time in December. Children three or older will not be allowed in the shopping area. A supervised crafts and activity area will be provided to children while their parents shop for gifts.

The program is a community initiative, so there is no guarantee of child/family confidentiality.
