Admin™ 2.0

So much more than filtering.

Today's school leaders face a monumental challenge: provide their teachers and students with the digital tools they need to learn in an increasingly online world, while also protecting them from the harmful content and behavior so prevalent online. GoGuardian Admin™ provides district officials with the granular control and analytics they need to keep the Internet as open as possible—but as safe* as needed—to aid learning and keep students on-task without inhibiting exploration. Start a free trial and see what you've been missing.
