

# CDW SPECIAL END-OF-YEAR PROMOTION

Extended Now Through  
March 31<sup>st</sup>, 2018

The **Acer R11 C738T Chromebook** is a stylish notebook that is just 19.2mm thin and weighs a mere 3.5lbs. It's 360° hinge features dual-torque technology, making it easy to open but locks in place when you tap, swipe and pinch on the touchscreen. It also senses when you place the panel upside down for "tent mode", prompting the image and audio channels to flip over automatically.

With the latest MIMO 802.11ac wireless technology under the hood, this Chromebook boasts very fast wireless connection speeds and longer signal ranges. The R11 C738T also outperforms most other Chromebooks with its impressive Intel processor that's based on Braswell micro-architecture.
