*Lord, I place myself in your presence.
After the strain and turmoil of the day
I rest quietly here, like a little boat,
that has been tossed by the waves
and buffeted by the wind,
rests secure in a sheltered harbour.
Here my projects lose their power over me.
A healing process begins.
My fragmented self is reassembled,
and I am made whole again.*

RESTORATION PROJECT

The next round of the Restoration Project has started. This will be the sixth consecutive year the Parish has been able to bring in the restoration team. This year, the restorers will finish the remainder three Saints on the East side of the church.

UPDATE: This week the conservators successfully managed to glue back different sections of the wall plaster around Saint John that they had to remove. Now, with the wall back up, they can begin over paint removal on that section of the painting. The purpose of removing a portion of the wall, gluing it, and subsequently securing it onto the wall is to ensure that the plaster will not crack in future years. This further preserves the images being restored, and avoids another restoration.

Thank you, Music Ministry
