*I wish to have a playhouse*

**Alina, 9** nervous system disorder

**Make-A-Wish®** is the world's largest wish-granting organization, serving children in more than 50 countries on five continents. Our local chapters in the U.S. have granted more than 330,000 wishes since our inception in 1980. **Our Mission: Together, we create life-changing wishes for children with critical illnesses.**

**Now more than ever, Hope is Essential.** When a wish is granted, a child replaces fear with confidence, sadness with joy and anxiety with hope. A wish gives children renewed energy and strength, brings families closer together and unites communities.

### Meet Wish Kid Alina

Alina is a playful 9-year-old that loves to camp outside to look at the stars. Whenever she isn't camping in her backyard she also enjoys swimming. One of the other favorite activities for Alina is enjoying making beautiful arts & crafts.

### Alina's Play Structure!

The main reason why Alina wished to have a playhouse is because she envisions herself enjoying a special space for her to swing, play, and make crafts. This special space would give her the opportunity to let her imagination get creative!
