## A prayer for those in need

Most Holy God,  
Creator and Sustainer of all things and our Great  
Physician, thank you for providing for us each day.  
Thank you for the bodies which you have given  
us in your image, and for each day of good health  
you have gifted to us.

Lord today we lift up to you  
those whose bodies are not healthy,  
those who have serious medical conditions.  
We pray for healing. We pray that you lead each  
person to the medical care, medications, and  
treatments that they need. We pray for strength as  
people undergo treatments, for comfort where there  
is pain, and patience for those who wait.

We also lift up those in challenging situations.  
May you be present with them and let your presence  
be known. Increase our and their faith when we feel  
confused, frustrated, angry or despondent.  
Provide Spiritual healing – harmony of body,  
mind, spirit and relationships.

We thank you that you are our Sovereign God.  
We thank you for providing earthly healing through  
your gifts and through the hands and hearts of  
others.  
Where there is no earthly healing, we thank you for  
your promise of eternal life and ultimate healing  
through Your Son Jesus Christ in whose name we  
pray. Amen

## Prayer List

August 6, 2023

Please contact the church office to let us know if prayers  
have been answered and names may be removed.
