Ken Seeley Communities joins the Infiniti Group family, bringing a new standard for quality substance use disorder and mental health treatment to the Coachella Valley

PALM SPRINGS, CALIF., JUNE 6, 2022 — Over the past weekend at the West Coast Symposium of Addictive Disorders, two families merged as Ken Seeley Communities and the Infiniti Group came together to celebrate the new acquisition. Together, they bring a new standard for quality substance use disorder and mental health treatment to the Coachella Valley.

Ken Seeley Communities' Program Director, Camila Hayter, says "We are very excited to join forces with a group of professionals who have over 20 years of experience in the field so we can continue to provide the best possible care for individuals and their families who are struggling".

The Infiniti Group is a select group of professionals with unparalleled management experience in the behavioral health field. Their chosen practices and methodologies elevate treatment to their full potential. They bring value to their programs with innovative thinking and practice, quality service delivery, and reliability. Ken Seeley Communities joins their already established family of Southern California treatment centers, including Hope By The Sea, Pillars Recovery, Serene Behavioral Health, and Hower Lodge.
