Message from the President

‘JORDAN RIVER RAMBLINGS’ (President’s Message)

Many years ago when I was privileged to serve as Church Secretary at St. Lukes UMC in Odessa, Texas, one of my delights was to write a weekly column for the newsletter and I chose to name it “Jordan River Ramblings” after the stream that ‘rambles’ through the campus of Indiana University in Bloomington, Indiana, my alma mater. Many, many things have changed since I wrote those columns... sadly to say that one of them has been the closing of St. Lukes UMC at this year’s Annual Conference. So, for awhile I will resurrect that title for my message. It has certainly been an interesting and challenging year so far for me as your president but I so look forward each day to be of service to each of you and the New Mexico

Conference of United Methodist Women.

Mission u 2016 in July at Sacramento Methodist Assembly was one of the most rewarding for me and I hope for others in attendance thanks to the dedicated and enlightened leaders in all capacities and they deserve a great big thanks!

I wish to share with you as a reminder the four mission emphases for this quadrennium: (there are many resources available at unitedmethodistwomen.org)

“Mass Incarceration”
“Climate Justice”
“Maternal and Child Health”
“Economic Inequality”
Learn all you can about these topics especially if you hear them addressed in any way by the candidates for public office this year at every level. We can make a difference for the women, children and

youth...so be informed and VOTE!

Lead a study and take action which has become for me the most important part of these two things. We must be the voice, hands and feet of those who cannot or will not speak for themselves. Each time you gather try to take some action for good....one person, two persons, three persons can make a difference! So this is my challenge....do something positive for your community, your church, yourself each time there is a gathering. Don’t just be meeting to be meeting...

On the topic of Climate Justice I learned at Mission u that if each household in the United States began using toilet tissue made from recycled paper that 1.8 billion...yes, billion...trees could be saved. So I am providing

(Continued on page 2)

Message from the President (con't)

that kind of toilet tissue for each household in my family. (They think I have lost my mind, but I am still going to do it...LOL!)

Annual Meeting 2016 at Grace UMC ,in Alamogordo, beginning on October 14 is an excellent opportunity to learn, share, and grow spiritually. Meaningful workshops, presenters, and

training will be offered to present ways to serve those in need. Let's make this Annual Meeting the largest in attendance in the last five years...the central location in New Mexico in Alamogordo makes it ideal for those who must travel just a few hours away from your home. We can do together for United Methodist Wom-

en that we could not do alone and let's be "Faith, Hope and Love in Action".

May God bless each of you. It is YOU who are doing the meaningful work to serve women, children and youth and you should be proud as I am to be a United Methodist Woman!

Call be or email me at

any time with your good news or concerns...I would love to come visit your local group gatherings or events!

Blessings.

Cheryl Gooodding Ferguson

President, New Mexico Conference United Methodist Women

Message from the Treasurer

Financial updates and requests:

July's Mission u was very productive, and the studies were both enlightening and interesting. While at Mission u, an offering was taken totaling \$1,000.00. Six hundred dollars was given as a Gift To Mission in honor of the Mission u leaders. The remaining money was sent to Alpine Community Center in Alpine, TX; one of our national missions.

The children and youth groups at Mission u bussed tables during the weekend, raising \$547.00, which they presented to the camp for caring for the horses.

District treasurers, please have your 3rd quarter re-

mittance report completed with money to me by September 15th.

Treasurers, please keep in mind getting ALL monies and reports to me before the end of December; you will want all the local units to get credit for their giving in 2016.

Please keep in mind becoming a Five Star Award unit; what's required is giving in each of the five mission areas: Gift To Mission, Gift In Memory, Prayer & Self Denial, World Thank Offering, and Pledge To Mission. The Pledge To Mission giving must be an increase of at least \$1.00 over the previous year's pledge.

Please note at the end of the *Word Sower* the Mis-

sion Candle form. The money given to the Mission Candle will be credited to the unit under Gift To Mission or Gift In Memory.

If I can be of any help to you, please do not hesitate to contact me.

The Reading Program Leads to Action!

For 140 years, United Methodist Women have been involved in mission that includes prayer, study and action. The Reading Program is a study opportunity, but it should also lead to action. The purpose of the program is to encourage United Methodist Women members to:

- Expand understanding of and participation in God's mission.
- Increase sensitivity to all human beings—**their** needs, interests and concerns.
- Encourage critical thinking about issues facing humanity today.
- Grow in understanding of Scripture as it relates to Christian faith in contemporary life.
- Enhance self-knowledge and act from that knowledge.
- Strengthen involvement in local and global Christian mission

MEMBERSHIP, NURTURE AND OUTREACH

I hope all of the units have been finding ways to be nurturing to their members and others. If you have done this, please share with us. I know Peggy would love to have more things for the newsletter. As Annual Meeting draws closer, I need the names of those who have gone home to the Lord for the past year. We have a memorial service each year to remember our friends. **Please send the names to me at PO Box 506, Wickett, Texas 79788-0506. I need these names by the first of October**, so I can list them in the program. Thanks for your help with this. Looking forward to seeing you in Alamogordo in October.

Funds for reading program books, and offering at the worship service on Friday and annual meeting on Saturday.

You are also encouraged to bring a water bottle to help us save on landfill of discarded plastic glasses and cups.

Ellen Lipsey, right, Be Just. Be Green guide for the South Central Jurisdiction United Methodist Women, along with Julie Taylor, center, executive director of National Farm Worker Ministry, and Dolores Huerta, co-founder of United Farm Workers, visit a vineyard in California's Central Valley in 2010.

Response Magazine—April 2016

Ellen Lipsey, New Mexico Conference, South Central Jurisdiction

My personal reason for getting involved in this movement is layered. I live in the desert of west Texas on the border of

Mexico. Several years ago I returned to this small community where I grew up. I was trained by my parents (especially my mother, a very dedicated member of United Methodist Women) to consider the impact of my choices on others. It was also influenced a few years ago when I attended a National Farm Worker Ministry meeting in California to learn from and be in solidarity with farmworkers picking table grapes. It expanded my awareness of environmental and economic justice related to the choices we make every time we visit a grocery store. I'm excited to be part of an organization that has clout, understanding and makes the connections between justice and care of creation. Be Just. Be Green is the way to be intentional about our planning choices that honor those connections.

The devastation to land, water and air by the oil and gas industry is one of the current environmental concerns in my jurisdiction. The very industries that provide livelihood for so many people are contaminating our earth. Working for a just transition to other forms of energy is vital.

My biggest fear globally is the warming of the planet along with what seems like very slow action to find alternatives to the activities that harm the environment. The effects, including weather disasters, almost always disproportionately impact the most vulnerable communities, and voices from those communities must be heard.

The one impactful thing that every United Methodist Women member could do for the environment is reduce waste. Right now, my favorite inspiration to keep working in our effort to plan sustainable meetings is the song "For Livets Skull" (For Sake of Life) by

Per Harling [which can be found in *Global Praise 1* published by the General Board of Global Ministries].
