WHAT IS THE SERVICE PROJECT:
We are excited to return to the LA LGBT for Valentine's Day. This year we will be IN PERSON at the Senior Triangle Square Housing. We will decorate their community area, host bingo for between 30 and 50 residents, bring refreshments and "goodies," and celebrate the holiday.

All volunteers must be able to show full proof of vaccination (the preliminary 2 shots and at least one booster). You may show their vaccination status in-person.

WHO THEY ARE:
LA LGBT CENTER'S Senior Services Program includes Triangle Square, the world's first—and L.A.'s only— affordable housing development (104 units) for LGBTQ+ seniors. In addition, their large and fast-growing services for seniors help meet many of the life-sustaining needs of LGBTQ people over the age of 50, including food and case management, while providing a wide array of life- and health-enriching programs and activities that also help end the isolation so many experience.

LATLC has supported LA LGBT Center since 2016.
