LALLANDE LAW PLC

LATLC LOS ANGELES TRIAL LAWYERS' CHARITIES

Super Bowl Square Directions

1. Individuals may purchase individual squares for **$50 each**.
2. Once all 100 individual squares have been filled (or prior to the game if not all of the squares are filled), each of the 10 column and row squares are assigned a randomly generated number.
3. Winners will be determined at the end of the 1st quarter, 2nd quarter, 3rd quarter and the final game score.
4. The winner is determined by looking at the last number in each team's score, and then matching those numbers on the grid and seeing which squares intersect those two numbers.
    a. Example: A score of AFC 23 - NFC 14.
        i. The last number for the AFC is 3 and the last number of the NFC is 4.
        ii. The square on the grid that has the AFC with a number of 3 and the NFC score of 4 would be the winner. (See below image for further details)

5. *Please note that half of the money pot is going to LATLC and the other half to the winners.
    a. Payout details:
        i. Q1: 7.5% ($375 if all squares filled)
        ii. Q2: 10% ($500 if all squares filled)
        iii. Q3: 7.5% ($375 if all squares filled)
        iv. FINAL: 25% ($1,500 if all squares filled)
    b. If the winning square for any quarter is a blank square, then the prize money will be rolled into the next quarter. For example, if the winning square for Q1 is blank, the 7.5% prize for Q1 will be added to the prize pool for Q2 and the winning square for Q2 will win the prize from both Q1 and Q2. If the winning square for the final score is a blank square, then the prize money will be donated to LATLC.
