VOLUNTEER SERVICE PROJECT
EARTH DAY WITH KIDSAVE
April 22, 2023
10:30 am to 4:30 pm
Servicon
3965 Landmark St, Culver City, CA 90232

WHAT IS THE SERVICE PROJECT:
Join us as we celebrate Earth Day with KidSave! We will have four stations of activities and crafts related to EARTH, WIND, FIRE, and WATER.

KidSave is an amazing organization that helps older children in foster care and orphanages find their forever family, a host family, or a mentor though building meaningful relationships with adults and families. These kids get a voice and a choice in who they get to know and who becomes their forever family.

LATLC adult volunteers (*must be 18 years or older*) will host games and activities for adults looking to adopt children living in foster homes and orphanages. This year we will be at the Servicon facility in Culver City (rain or shine!) There will be two shifts of kids coming in, so plan on spending the day if possible.

WHO THEY ARE:
KIDSAVE finds families for older foster children for adoption.

> *At Kidsave, we are driven by the simple belief that orphans and children everywhere deserve to grow up with the support of a loving, caring family. For older kids in foster care who face aging out alone, finding a family can feel impossible.*
