

The Greater Parkland Regional Chamber, together with BadaB Consulting, Family Community Support Services, Adamitz Financial Solutions Inc., and Bredin Centre for Career Advancement present:

Indigenous Connections: Businesses Building Bridges

Friday, June 18, 2021

11:30am-1:30pm

We are looking for Indigenous business owners who may be interested in this valuable opportunity to promote their business, while participating in a round table discussion which focusses on the opportunities, triumphs and challenges of being an Indigenous business owner in the region. This round table will be part of a larger virtual event creating awareness of Indigenous businesses in our community and provide education to other surrounding businesses and neighbours.

This event will be hosted by: Paulla Adamitz, owner of Adamitz Financial Solutions Inc, Vice-Chair of the Greater Parkland Regional Chamber, Chair of the Indigenous Business Committee of the GPRC and proud member of Sucker Creek First Nation, Treaty 8.

Mackenzie Brown, Project Manager at Indigenous Tourism Alberta, will be present on Creating Effective Partnerships, Creating Reciprocal Relationships, what is Protocol and misconceptions.

We will also be celebrating Indigenous culture with performances from local artists.

Please contact the Greater Parkland Regional Chamber for more information or to be a part of our round table discussion.
