

INVEST IN WATER INFRASTRUCTURE

- **RIIB's Clean Water and Drinking Water State Revolving Funds**
 - **\$117.5mm in total capital available next fiscal year**
 - \$81mm for water infrastructure, \$19mm grant/principal forgiveness
 - \$28mm for Lead Service Lines, \$14mm grant/principal forgiveness
 - \$8.2mm for Emerging Contaminants, 100% grant/principal forgiveness
 - **\$695mm in total capital over the next 5 years!**
 - \$513mm for water infrastructure
 - \$141mm for Lead Service Lines
 - \$41mm for Emerging Contaminants
 - **RIIB's ability to issue bonds could increase availability of capital**
 - **Significant reduction below municipal market interest rates on loans**
- **Project Eligibilities** – not just water mains, sewer pipes or treatment plants!
 - Green infrastructure / stormwater management / urban tree canopy
 - Landfills / contaminated sites / agriculture
 - Water conservation & efficiency / surface water protection & restoration
 - Habitat protection & restoration – fish ladders and dam removal
 - Climate resilience & clean energy / decentralized wastewater treatment
 - Planning & Assessment
- **What do you need to do next?**
 - **Think big and think creatively!** Call us to review your plans/ideas/concepts
 - **Submit projects to the relevant Project Priority Lists** – March 25 cut-off
 - Simple application process and we can assist
 - Not a commitment to finance but a requirement for funding/finance
