TABLETOP WARGAMING CONVENTION

NOVA Open EVENT LEADS
Providing News & Updates

2/15/2020:

Kill Team is returning to NOVA Open 2020, with not one but two major events!

Grand Tournament

We will kick things off on Thursday with a two day, 7-round Grand Tournament. This event builds on the success of the NOVA Open 2019 Grand Tournament format and includes a number of refinements based on feedback from last year's attendees as well as the broader Kill Team community. After playing four rounds on Day 1, players will be split into 8-player, 3-round brackets on Day 2. Brackets placement will be based on Day 1 standings, ensuring that everyone you play on Day 2 will have had the same kind of Day 1 you did. :) Prizes will be awarded in each Bracket, so even though there can be only one Grand Champion everyone playing on Day 2 will be in contention for prizes!

Team Tournament

If the Grand Tournament is a return to the familiar, Saturday and Sunday will see something completely new! This year we will be offering our first Kill Team Team Tournament. Teams of four players will square off, with team captains scheming and strategizing to produce the most favorable matchups for their team. Each of the 5 rounds will be fought across a variety of table layouts and secondary objective pools, adding multiple layers of depth and complexity to the pairing process. Gather your friends and stake your claims to be the toughest bunch of players in the game!"

All the best,

Ben

We'll be continuing to try out new formats and refine previous favorites, so keep watching this space for updates as the year goes on. Hope to see you all at the tables (and the lounge!)
