## NOVA Open EVENT LEADS Providing News & Updates

**2/15/2020:**

Infinity is back and bigger than ever!

Our leads are hard at work to create the best Infinity at NOVA Open experience ever. We are planning on having all the classics: narrative ITS and the Battle for the Beltway ITS. Gutier is returning for more seminars and community interaction. After Dark will be back and crazy as expected. Additionally, we are adding more side events and will be demoing Infinity: Code One

At this point we are going to make the big ITS the final N3 event. So come leave your mark!

There is a survey on the Infinity at the NOVA Open Facebook page for players to take regarding formats and events.

Thank you for being such an amazing community.

**01/01/2020:**

Happy New Year to our NOVA Open Infinity Family!

A quick update from the Infinity team. We are working hard to organize events this year based on your feedback from last years survey. We will be expanding availability of some of our most popular events and adding new events to supplement events that use less space. Expect us to add Defiance, Corvus Belli's new co-op dungeon crawler, to be added to the menu. We are working hard to bring Infinity: After Dark back and expand it as possible. We of course will have our Thursday Narrative, Friday ITS, and Sat/Sun ITS.

We are working with CB directly to determine how N4 will or will not be implemented at NOVA Open but we do not have an update at this time. Stay tuned for more info as it comes!

Thank You, Expansion, New Events

Greetings NOVA Open Infinity players, both new and old! Thank you for your support at the convention, dealing with the wait list, and all the feedback you provided in our survey.

As a direct results of your continued commitment to Infinity, and the growth of our attendee base over the years, NOVA Open has decided to open the Tidewater airwall and increase our space for 2020.

More quality space for our players will be met with an increasing number of Infinity events! To that end, we'd like to hear your ideas for PM events. Write [customerservice@novaopen.com](mailto:customerservice@novaopen.com) today! We look forward to hearing from you.
