WARHAMMER AGE OF SIGMAR: WARCRY NARRATIVE

NOVA Open EVENT LEADS
Providing News & Updates

2/15/2020:

As armies clash in the Mortal Realm of Ghur, pirate warbands will rise early and engage in skirmish battles in the Umberspire Dawn event. Moving among the shadows and secret places around Umberspire, these warbands smuggle contraband to the front lines in pursuit of earning coin and advancing their guild to dominate the black market of the Mouth District in the largest city of Dawnland. Anyone is welcome to participate in final playtesting of the Umberspire Clipper skyships as we aim to add a dynamic support piece to the warbands in games of WARCRY. The skyships will also provide a unique hobby opportunity for players and will serve as a display board as well as a supporting model in games.
