

TABLETOP WARGAMING CONVENTION

UNDERWORLDS WORLD CHAMPIONSHIPS

NOVA Open EVENT LEADS Providing News & Updates

2/15/2020:

We are incredibly excited to host the Warhammer: Underworlds Global Championship Finals 2020! This globe-spanning Grand Masters tournament will come to an end on September 5-6, as the world's best deck builders, strategists, and arena battlers fight in the clash to end all clashes! To compete in Grand Masters, players will need to have qualified for the event.

Didn't qualify for the Global Championship? Your last chance will be in the Grand Clash at NOVA on September 3-4. The Grand Clash will be a championship format tournament, with players competing in heats on September 3rd to qualify for the top 16 event on September 4th. Players will need to have their decks submitted 48 hours prior to the event for both the Grand Masters and Global Championship events.

Other than the Grand Masters and Grand Clash tournaments, we will be having a Skirmish event on September 4th for any and all players! You cannot compete in top 16 of the Grand Clash and the Skirmish event, as they will be running simultaneously.

Multiple side events will happen throughout the weekend, including Elimination, where players will bring three different warbands each and go head to head, all or nothing style. If you lose a match with your first warband-- you won't be able to play them again in the tournament -- you'll have to break out another warband. Win the match -- that warband you played is still fair game in future rounds. You have three lives, and once they're gone, you're out! Players will compete with one another until one player is left standing with any warbands remaining.

Please see the primers for the full ruleset for all of the Underworlds events!

Thanks!
Theresa
