TABLETOP WARGAMING CONVENTION

NOVA Open EVENT LEADS Providing News & Updates

2/15/2020:

NOVAMunda returns again for 2020, once again featuring a 3 day narrative campaign Friday, Saturday, and Sunday, and a tournament Friday night.

This year's campaign is inspired by the Law and Misrule format: Take over the inner workings of the Underhive economy in the Biltmore Dome, choose to fight for the order of the guilds or the forces of misrule, and even explore the wilds of the Ash Wastes (including vehicle combat). Sign up for individual days or play for the entire campaign, or drop in for the final game each day.

The tournament will feature 1300 credit gangs going head to head in a battle for supremacy.

Your battles will span 12 new themed tables, from the ash wastes, to Sump bottom, and everywhere in between. Fight over the Hive Guys and Saarbucks on the food court board, delve through an overgrown hive forest, use the machinery of a synth still for cover.

- 4 Zone Mortalis boards: synth still, utility station, hive forest, and genestealer infested
- 2 ash wastes boards: junktown and a crashed ship shanty town
- 6 sector Mechanicus boards: Sump bottom, hive food court, “classic”, industrial, shipping depot, and train station

And with 12 tables the event will be growing to accommodate more players! So come on out and try to become the Kingpin of Biltmore Dome!
