

TOTAL COST REDUCTION

A RISK FREE OPPORTUNITY TO SAVE MONEY

WITH THOUSANDS OF CLIENT LOCATIONS NATIONWIDE,
YOUR INDUSTRY IS OUR INDUSTRY.

OUR COST REDUCTION FOCUS IS ON

We share in the savings with our clients **50/50**.
If we can't save them any money, there is **NO FEE**.

WHY THIS APPLIES TO YOUR BUSINESS

All businesses have these expenses, and over 90% are overspending. Unless you have an industry expert reviewing these expenses each month, how can you be assured the money you are spending is accurate? Just analyzing expense trends and spikes in costs is not enough.

What are the fees you are being charged, and are they valid?
Are the taxes you are being charged accurate, valid, and legal?
What is the market rate in your area? Does an RFP really result in the best price?
How do tariffs affect my expenses?

These are just a few of the hundreds of things you need to know in order to determine if your money is 'right'.

Vendors put the burden of knowing and verifying these expenses on the customer. Just like you, our clients have hundreds of other line-item expenses to keep track of inside their businesses. Without specializing and monitoring these expenses each month, you will overspend.

This is the reason we find savings at 90% of the businesses we audit.

OUR SOLUTION

P3 Cost Analysts' team of cost reduction consultants has more than 150 years of combined expertise in these expense categories. We offer clients like you, a risk-free opportunity to immediately add this expertise to your organization. If, after our review, we can't help you, there is no fee. And you can rest easy knowing your money in these expense areas is accurate. If, however, we can save you money, we only get 50% of the savings we produce. At the end of the day, we will either improve on what you are doing or there is no fee. It's that simple.

TESTIMONIALS

MARCIA G
Accounting Manager, Coca Cola

"We want to thank you for your services in verifying our utility expenses. This is our second audit with P3 Cost Analysts, and we have been pleased both times. We regard P3 Cost Analysts as a partner in helping us keep our utility costs correct and cost efficient."

DARRAL P
Director of Procurement, Little Rock School District

P3 has created \$8,434.00 in monthly savings as a result of their expertise. They also identified and negotiated a \$125,000 refund for billing errors going back five years. On top of the financial benefit, they have been quick to answer our calls and responsive to our operational concerns, thus savings us valuable time and energy as well.

HEATHER J
Senior Property Manager, Liberty Property Trust

"We have just completed our 4th audit with P3 Cost Analysts. We are always pleased with the results. We appreciate your staff's efforts in verifying our properties' utility invoices, and uncovering cost savings."

TONY S
COO, Esch Sonic Franchise Group

"Over the last 6 years, P3 has saved us more than \$600,000 in our pocket after their fees. These guys go above and beyond for us."
