Our story begins with Noah receiving instructions on specific materials and measurements to be used in building the Ark, and yes, it is very big! We will also learn about all the additional requirements necessary for this huge undertaking!

You will see as our story unfolds, the animals enter the ark two by two; you will see all the sights and hear the sounds as we continue to move along through this incredible journey.

Throughout this event our Preschool Faith Formation students will perform in song, dramatic performance and of course, there will be times when you just can't hold back your giggles. Seeing our "little ones" perform in animation with the use of props throughout this narrative is sure to bring joy!

Please join us! It will surely brighten your day!
