

Engineer in Training (DOE)

Website: www.cityoflaramie.org

Application Deadline: Open Until Filled

Salary: \$56,025.24 – 84,037.86

Do you want to be part of a team that seeks improvement through innovative technology and desires to help local government achieve community excellence? Are you able to track multiple projects, pay attention to intricate details, and produce quality work? If so, the City of Laramie may be looking for you!

We are searching for someone to play a key role in the success of the City's Engineering Division. This person will perform project management, on-site construction inspections, utility and roadway design in Civil 3D, utilize GIS in a municipal setting, perform traffic engineering, review development, and work with the public to ensure projects are the best they can be for the citizens of our community.

The ideal candidate:

- Wants to make the City of Laramie a great place to live and work.
- Enjoys a team environment; collaboration with consultants, contractors, city staff, and the public is crucial to successful and exceptional projects.
- Has excellent communication skills; this job requires clear oral and written communication and effective interaction with city staff and citizens.
- Cares about the quality of work produced and realizes that details matter.
- Is passionate about understanding new technology and enjoys teaching others how the latest gadget or software might improve our city as an organization and a community.
- Is proficient in Civil 3D and GIS.
- Understands public works infrastructure and what it takes to construct a project from the surface down.
- Has Jedi task-management skills; this position demands multiple responsibilities to be scheduled daily, goals to be prioritized, and constant flexibility.

What the City of Laramie offers: We offer an excellent benefits package that supports quality of work-life balance. Benefits include health and dental insurance paid at 80% of the cost; vision, life, and disability insurances; a retirement pension and city-matching 457 plan; yearly time off to include 9 paid holidays, 25 days of sick and vacation, and a day off to volunteer in the community; an interactive wellness program to earn more time off, discounted gym memberships, tuition-covered LCCC classes, free counseling sessions, and much more!

The Engineering Division: The Engineering Division, under Public Works, is a highly-motivated team led by our City Engineer and includes three Engineers, one Technician, two GIS staffers, and an Inspector.

Explore the Area: Laramie is known as the "Gem City of the Plains" and is ranked as one of the safest cities and best places to live in Wyoming. There is access to hundreds of outdoor recreation opportunities, including camping, hunting, skiing, and snowmobiling. Laramie is home to the University of Wyoming, WyoTech, Laramie County Community College, several tech and advanced manufacturing businesses, and plenty of arts and cultural events. Qualifications *(A combination of the following experience and training would be qualifying):*

- Two years of civil engineering experience with a preference given to municipal work.
- Baccalaureate level education from a recognized college or university with major course work in Civil Engineering or related engineering programs.
- Engineer-Intern/Engineer In Training (EI/EIT) certification.
- Possession of, or ability to obtain, an appropriate valid Wyoming Driver's License.

For a more detailed job description or a summary of benefits please email hr@cityoflaramie.org. Please apply at www.cityoflaramie.org. Applicants who are offered appointments will be required to pass a drug screening, comprehensive background investigation and driver's license check. The City of Laramie is an EEO/ADA employer and a smoke-free workplace per City ordinance.
