**JFC Engineers & Surveyors**, located in Rock Springs, Wyoming, is looking for **qualified** and **enthusiastic** entry level Civil Engineers. The responsibilities of this position will include, but are not limited to, layout and design of roadways, domestic water, sanitary sewer, storm sewer, drainage, and grading. The applicant must be able to manage deadlines and workloads, be self-motivated, and have effective written and verbal communication skills.

Our successful candidates will have qualifications including:

- A Bachelor's Degree in Civil Engineering
- Will have passed or will be taking the FE Exam
- The commitment and ability to obtain a PE within four years of hire date
- A working knowledge of AutoCAD Civil 3D  
(Not required but preference will be given to applicants with this skill)

Please provide a short cover letter with your resume and submit via e-mail to [email@jfc-wyo.com](mailto:email@jfc-wyo.com).

JFC has been providing professional services to the residents of Wyoming and the surrounding states since 1964. We are a multi-disciplinary firm consisting of a professional Engineering Department, including Civil and Structural Engineers, and a full-service professional Surveying Department.
