From the Desk of the President

Greetings from Greenville!

We are catching our breath on spring break this week because February was filled with exciting and busy events. You can read about some of these events in this letter.

As we look forward to April, we invite you to join us for the annual James D. Leggett Memorial Golf Tournament on April 17. A packet of information about this is attached to this letter. We are looking for both sponsors and players (perhaps you could do one or both!). This is a major fundraiser for our college and we appreciate your help.

We are looking for more students to join this fall. Our best recruiters are our alumni and friends. If you know someone that God is calling into ministry, connect them with us. Our mission is to train those called by God for successful ministry.

Thank you for your faithful and sacrificial support. Your generosity helps us to carry on the work and keeps costs down for the students. We are all grateful!

Grace and Peace,
Rev. Kevin D. Sneed, President
and the Holmes Bible College Family

Founder's Week 2025:

Nearly 60 alumni, students, and friends gathered on campus on February 26-27 for Founder's Week. Our guest speakers from InTouch Ministries included 1979 graduate Rev. Ron McCants. We also officially reopened the refurbished Nina C. Holmes Library with a prayer of rededication. We all enjoyed fellowship around the table and worship in the evening services. Look in next month's newsletter for a report from the Alumni Banquet.

Volunteer Weekend Report

Thank you to everyone who came to campus on February 21-22 for our volunteer weekend.

Over 40 people showed up to paint, clean, weed, and repair to ensure our campus was well prepared for our special events. Final debris from Hurricane Helene was also removed. This outpouring of support and physical effort was overwhelming and encouraging. You accomplished so much! We will organize another volunteer weekend in the fall.

Installation of 8th President

Rev. Kevin Daniel Sneed was officially installed as the 8th president of Holmes Bible College on February 28. Nearly 150 people gathered in the Holmes Memorial Church for the ceremony. Board of Trustees Chairman, Rev. W. A. Mills led the installation with past president Bishop D. Chris Thompson and many other guests in attendance. President Sneed was joined by his wife, Summer, and children, Abby and Nate, on stage for a powerful prayer of consecration. President Sneed's message was that Holmes has a great mission given by a great God to train a great generation for a great work!

SEND Missions Week

Last month we had our annual missions emphasis week known as SEND Week. This event is organized each year by Seth and Madeline Nix with The Awakening. We welcomed several missionaries on campus to teach, preach, and present including Linwood and Nancy Berry, Frank and Mandy Moore, and Chris and Alicia Dunlap. Short-term missionaries Aleiah Winchester and Paul and Beverly Oxley also joined us. We prioritize the call to missions and missionary support at HBC. We always strive to inform our campus about missions, engage our community in missions, and connect our students with missionaries. Many students were stirred this week.

Prayer Requests:

- David Baker, a freshman student whose house in Newberry, SC burned on March 9.
- New Computers for Library and Dean's Office
- Success for our Golf Tournament on April 17
- More students for Fall 2025
- More funding to support students
