WE HAD FUN LEARNING... HIGHLIGHTS FROM JANUARY!

We had such a fun month discovering interesting facts about arctic animals! Did you know that a narwhal's tooth can grow up to 8 feet long?!

PJ day was a hit! The children loved seeing their friends and teachers all cozy in their pajamas. The popcorn was a special treat enjoyed by all.

DON'T FORGET!!

A reminder that we try and head outside if the weather is -21 or warmer. Please ensure that you send all the correct outdoor wear!

We also want to encourage you to continue working with your child on getting themselves ready for the outdoors independently.

This is the goal for all children and will make life easier both at preschool and at home!

WHAT'S COMING UP IN FEBRUARY?

We will have a Valentine's party for each group during regular class times on Feb 13th and 14th. Your child may choose to wear a Valentine's shirt. We will be decorating bakery purchased cookies with pink icing, white marshmallows and sprinkles! Let us know if you need to send food substitutions for any of these foods. Please send your child's regular (maybe a bit smaller) snack that day.

You may choose to send Valentine cards. If you or your child sign each, and omit the name in the **To: _____** section, it makes it easier to distribute them.

There are 16 children total in each class (17 in PS3).

You can start sending the Valentine cards anytime!

NOTES

We will be sending home progress reports for each child at the end of February. We will also have their journals on display in the hallway for you to look at that week!

Please stop in or email us if you have any questions!
