

10 Year Anniversary

COVID Safety Measures

FastCat will follow guidelines in place at the time of the event. These include, but are not limited to the following:

- Masks must be worn at all times except when racing. This includes at the start line until the gun goes off and replaced immediately after finishing.
- The race will start in waves of 25 runners or less with a total participant limit of 300.
- Waves are chosen at the time of registration. Runners will not be allowed to gather at the start until the heat before them goes off.
- Hand sanitizing stations will be available.
- All attendees, volunteers and race officials will wear masks at all times.
- Volunteers will remind runners that they need to wear their heat starts as well as keep large groups from gathering.
- The traditional post-race party will not be held. Runners will be able to pick up their medals after the race.

After 12 months of practicing social distancing measures, FastCat can truly still be a fun and safe event in 2021! Many of the volunteers are parents coming off of a successful cross country season and are experienced in social distancing and mask wearing procedures, thus will make great volunteers to enforce the rules in place. In addition, the timing company (It's Race Time) has worked a number of races under Covid restrictions successfully, including Plainfield's Harvestfest in Fall of 2021. They have been guiding FastCat on ideas and steps to take to ensure a safe race.
