

Action Alert: U.S. Congress

Support S1 "For the People" Voting Rights Reform

We need to contact Senators Braun and Young to pass S1 *For the People*. Please write or phone them to support passing this legislation, which addresses some of the most pressing issues facing our democracy.

- Restoring the Voting Rights Act
- Modernizing voter registration
- Restoring voting rights to formerly incarcerated individuals
- Curbing partisan gerrymandering
- Making campaign contributions more transparent

If we are going to protect voting rights, which are being dismantled across the country, then we need to let Senators Braun and Young know of strong public interest for passing S1. We need to show our widely-held convictions that this bill must pass the Senate.

TALKING POINTS

- It should be easier, not harder, to vote. S1 improves access to voting with reforms like same-day registration and automatic voter registration.
- More needs to be done to protect voters' voices. The *For the People Act* requires independent redistricting commissions, ends voter roll purges based on failure to vote, and restores the Voting Rights Act.
- Our government should respond to the will of the people, not the interests of powerful corporations and wealthy donors.
- The *For the People Act* includes strong provisions for improving transparency in campaign finance and strengthening government ethics enforcement.
