

Thank you for Spencer Pride's new roof!!!

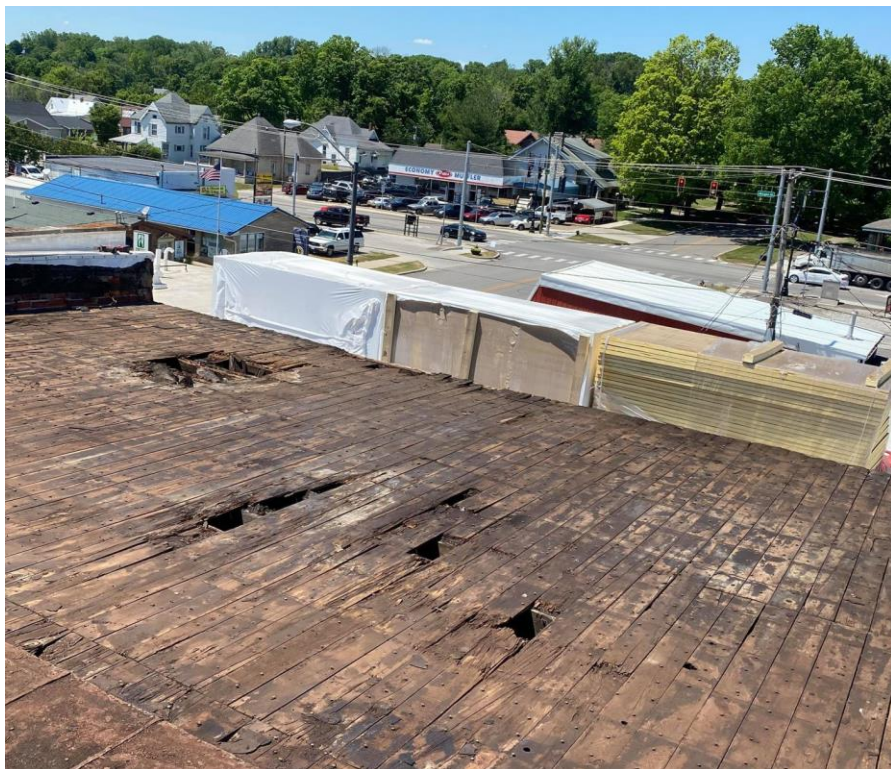

We started with this

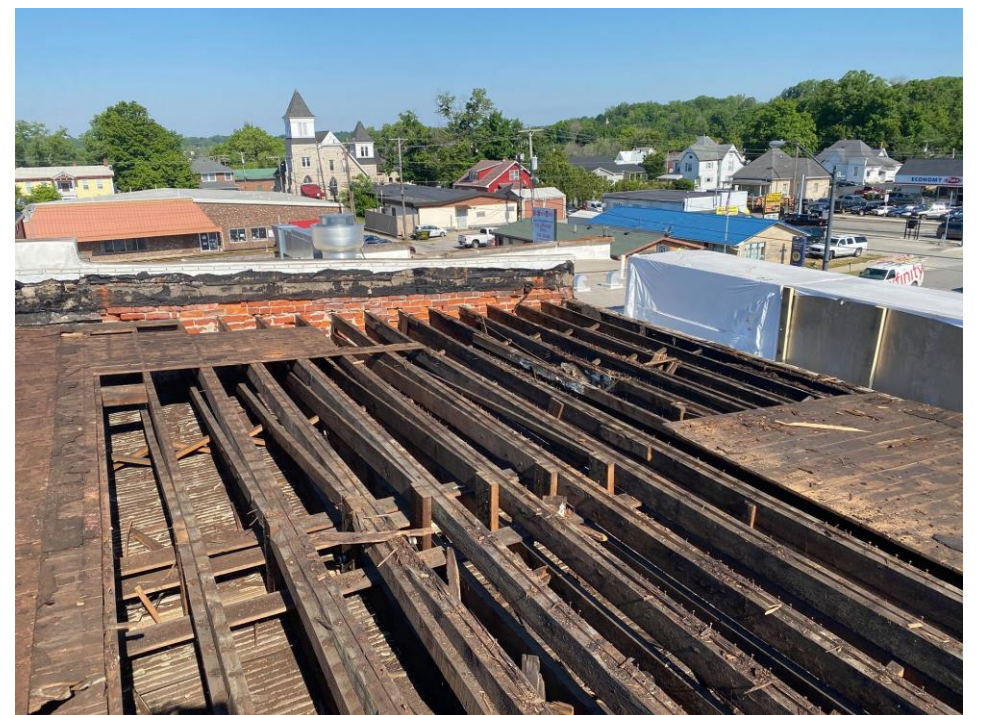

and **now we have this.**

It took us 18 months, grants from the Sisters of Perpetual Indulgence, South Central Indiana REMC, Smithville Charitable Foundation, and the Utility District of Western Indiana REMC, plus 44 generous donations from friends and supporters, (individuals, families / households, and organizations) to raise the funds to replace the entire roof. Thank you one and all!

Holy moly! No wonder the roof was leaking like a sieve. The decking was so rotten that a large area had to be demolished and completely rebuilt.

J&W Commercial Roofing was wonderful to work with. Here's the crew finishing the final layer.

Thank you to our faithful volunteers who emptied buckets, mopped the floors, and wrung out towels. You are now free of those tasks. WE HAVE A NEW ROOF!!!!
