

## A New Twist on an Old Request -- Pots and Pans and Plates, Oh My!

For JANUARY and FEBRUARY 2021, our food drive will focus on New Hope for Families. We often think of food for those in need, but we overlook kitchen items that enable people to COOK the food:

*"We need all manner of housewares and kitchen wares. We provide shelter residents with dishes and cookware! Then, when it's time to move out, we package up homegoods, dinnerware sets, cookware, and utensils for their new place. Anything in that vein would be great! A kitchenware drive would be really useful to us."* -- Chase Techentin, Roof Director at [New Hope for Families](#).

**THANK YOU** from the UU Hunger and Homelessness Task Forces

# Food & Kitchen Ware for New Hope Family Shelters
