

Free Palestine Bloomington Protest

This event is organized by Aaron Comforty of Jews Against Israeli Apartheid

Saturday the 22 at 6:00 p.m. - the Monroe County Courthouse

CJPPI and BPAC [Bloomington Peace Action Coalition](#) are co sponsoring

Below is the statement from the organizing group:

The event is meant to express solidarity with Palestinians as Israel continues its deadly bombardment and siege of Gaza, and its ethnic cleansing of the Palestinian neighborhood of Sheikh Jarrah.

We demand an end to unconditional military funding. We demand an end to Israeli apartheid.

We demand that our local institutions speak up on behalf of us, and what we know to be just. We demand decolonization rooted in a global and intersectional antiracist movement. There has never been this much support for Palestinians. The tides are changing.

This "conflict" and apartheid is not natural, ancient, or necessary. We demand full human rights for all residents of Palestine and Israel, and will pray and fight for those rights to be realized.

There has been peace in Palestine before, and one day there will be peace again.

Note: there is no space at this protest for antisemitism, Islamophobia, or bigotry of any kind.

With anger and love,

Jews Against Israeli Apartheid
