

This isn't about numerical growth, community size or even whole-community programming. We want to celebrate innovative ways UU communities of all kinds congregations, covenanted communities or start-ups -- are better serving those who need Unitarian Universalism right now. Please help us inspire others to see possibilities, to adapt ideas that are working, and to encourage all the change leaders among us. We can't wait to tell your story!

Anyone familiar with a Breakthrough innovation can submit an application after notifying the appropriate community leader, minister, religious education (RE) professional and Board or Board delegate. To learn more and submit an application go to <https://www.uua.org/growth/breakthrough/apply>. Please apply by November 1 .
