

Those who submit applications are expected to: (1) contact the agency you support to gather the information necessary to complete the application. If among the finalists chosen you will need to (2) provide 200 words about the agency to be published in the Prologue; (3) arrange for written materials to be available at the church throughout May, and (4) give a brief 3-minute presentation during both services on Sunday, June 14th, including an overview of the organization and an explanation of how the funds will be spent. The agency will also be tabling between services on June 14.
