

## Bonus Stipend

Employees on HDHPs will receive a stipend in their regular March 5 and 20 paychecks as a “premium holiday” to help offset the employee cost of health insurance. Except for those insured as employee only, these amounts are equal to the per pay premium for those on 24-pays.

Insurance eligible employees who elect not to have TSC health coverage will receive a \$125 stipend on their March 5 and 20 paychecks.
