Candidate Statement

I am honored to be slated to run for the position of CBA Chair. As a membership-driven organization, the Council of Board Administrators (CBA) is the heart of the organization; CBA is both the wellspring of ideas and knowledge that drives strategic direction, as well as the core audience for sharing of best practices and regulatory resources. As Chair, I see my role as serving as intermediary and champion for the membership; to listen and inquire; to amplify and serve your collective interests. For the last four years, I've learned so much from each of you and from the opportunity to be part of the FSBPT community. Serving as Chair of CBA will be an opportunity for me to give back in support of this great community.
