

Sheep vs Goats

What do you think is the difference between a sheep and a goat?

What are some everyday things that both sheep and goats provide?

Do you think that a sheep or a goat is better?

Jesus uses the dichotomy between a sheep and a goat when talking to the crowd. You should take a minute to read it in Matthew 25:31-46.

In this story, who do the sheep represent?

What about the goats?

This is a pretty common story used to talk about social justice and serving others, this is on the Sunday right after our celebration of Giving. Do you think that is related?

When you hear of the ways that the sheep helped the king, do any of those remind you of times in your life when you have helped others? What about when you hear about the goats, do they remind you of times when you have not helped others?

Do you keep an eye out for people to help?
