

TRAINING PROVIDED BY DMV ACCOMPANIMENT NETWORK

MIGRANT ACCOMPANIMENT TRAINING

Join us to learn how to ease the impact
of a dehumanizing immigrant system.

Learn how to provide practical and emotional support during ICE/ISAP check-ins and court hearings, easing the impact of a dehumanizing immigration system. Whether offering transportation, being a compassionate witness, or simply showing up with a caring presence, your support makes all the difference.

We are especially looking for volunteers with access to cars, weekday availability, and Spanish speakers — but everyone is welcome to join this important training. We'll begin with a grounding in our faith-based values, which inspire our mission of compassion and justice. No experience necessary to join!

SAT, APRIL 25TH
