

# Rotary

To Our Local Community Partners,

***“Literacy is a major component in helping people change, in empowering them to improve their own life and the lives of their families, and in making a difference in their own communities.”***

Ruth Colvin, Founder, Pro-literacy America

Higher literacy rates are a critical need for Collier County as we move forward. Studies have shown literacy directly impacts access to health care, the family unit, and of course educational and financial opportunities. Literacy begins during the earliest years of development. Imagination Library was created to nourish and support literacy, starting at home, from birth through the preschool years.

Inspired by her father, who was illiterate and never able to reach his potential, Dolly Parton started Imagination Library. Imagination Library is an organization committed to improving literacy rates and bring families together regardless of need. An educated and loved child, who is part of a community can conquer anything.

Rotary Club of Naples Bay wants you to be a part of bringing Imagination Library to your community, starting with zip code 34116. To begin the registration process and hence launch monthly book deliveries we need to raise \$12,000. We will continue to fundraise as the program grows and ultimately our goal is to include all zip codes of Collier County. Please be a crucial part to bringing Imagination Library to your community by offering your monetary support. Your donation would impact your community directly and be sure to make a difference in a child's growth and development.
