Dear Alliance Members,

It is my honor and privilege to welcome all new and returning members to the Collier County Medical Society Alliance (CCMSA) for the 2026–2027 year. I am excited for the year ahead and look forward to bringing our members together through meaningful service, friendship, and memorable events.

The mission of the CCMSA is to improve the health and well-being of our community by supporting local programs and projects while fostering friendships and networking opportunities among the medical families of Collier County. Working alongside the Collier County Medical Society, we are
committed to making a positive impact in our community.

This year, we are especially excited to partner with the Cancer Alliance Network (CAN), a remarkable local nonprofit serving families throughout Collier and Lee Counties. CAN provides financial assistance to families facing cancer by helping cover everyday living expenses so families can focus on
healing instead of worrying about how to pay their bills. No one should ever have to choose between receiving cancer treatment and supporting their family. We are proud to support an organization that changes lives right here in our community.

We are also pleased to continue the Ethel Trygstad Scholarship Fund, which awards merit-based scholarships each spring to Collier County students pursuing careers in healthcare.

Our exciting year begins with our Fall Preview Luncheon which will be held on September 18, 2026 at M Waterfront Grill. This event allows current and prospective members to socialize, learn about our organization, pay annual dues using our new QR code payment system, and explore our newly updated CCMSA website.

October will feature a Halloween Party Fundraiser, followed by a fun School Spirit Fundraiser, our College Frat Party benefiting Cancer Alliance Network (CAN) in February 2027. If you know a band or DJ willing to donate a few hours, we would love to hear from you! Great music makes every party even better.

One of my goals this year is to host more events that include our spouses and families. I believe building friendships while giving back to our community makes volunteering even more rewarding.

We will conclude the year with our annual Spring Luncheon, where we celebrate our accomplishments, recognize our volunteers, award scholarships, and install our incoming Board of Directors.

Additional fundraising events are still being planned, and your attendance, ideas, and support are essential to helping us continue our mission. We welcome your suggestions and encourage everyone to become involved.
The CCMSA is built on friendship, service, and community. Whether you are a longtime member or joining us for the first time, we hope you will become an active part of our organization. Together, we can make a meaningful difference while creating lifelong friendships.

I look forward to meeting many of you throughout the coming year. If I can ever be of assistance, please feel free to contact me at guttmanskb@gmail.com.

Warmest Regards,
Sheryl Guttman
President
Collier County Medical Society Alliance
2026–2027
