by October 31, 2025*

As part of the ongoing Living Longer Series presented by ProScan Imaging at NCH, NCH is proud to introduce its newest service, Gynecologic Oncology. The team is led by Dr. Edward Grendys and Dr. John McBroom, board certified gynecologic oncologists who are recognized nationally and bring decades of expertise to the treatment of cancerous and benign conditions of the female reproductive system. As part of this special program, please join us to learn more about Menopause and HRT Alternatives with Dr. Betsy Brothers and enjoy open discussion and the introduction of ProScan Imaging's newest PET/CT location with Dr. Michael Shriver.
