

Dear Generous Donor,

Zacharias Sexual Abuse Center is celebrating its 40th Anniversary during our Spring Luncheon on June 16, 2023. 40 years of serving survivors during their darkest moments. 40 years of being the voice on the other end when survivors call our 24-hour support line. 40 years of helping survivors and their non-offending loved ones find hope again. 40 years of working in the community to end sexual violence. 40 years of healing for tens of thousands of survivors. Since 1992, when we began keeping electronic records, ZCenter has worked with 782,524 survivors, loved ones, and community members.

Last fiscal year alone, ZCenter provided direct counseling, medical and legal advocacy, and 24-hour support-line services to 1000 adult and child survivors and their non-offending loved ones. Through public education and professional training services, ZCenter's staff worked with 17,116 community members. Those numbers do not include the community partnerships we have built through information & referrals, and institutional advocacy. New, innovative programs allow us to continue to reach more people and serve our mission. Unfortunately, sexual violence is an unrelenting problem. Until there is an end to sexual assault and abuse, ZCenter will continue to serve all survivors without discrimination and educate communities about the impact of sexual assault and abuse.

Your previous donations have had a tremendous impact on these survivors. None of this would have been possible without the partnership and generosity of people like you. We rely on fundraising to provide our services at no cost to our clients. Your donations directly support our frontline crisis staff and survivors of sexual violence. More information about the luncheon and how to donate is available at ZCenter.org. Please continue supporting ZCenter by clicking [here](#) and donating today.

Thank you for your consideration,

Katrina M. Volkers
Director of Development
